Student Testimonial

I just completed the 2 day ABR course with Lee Barrett in Las Vegas. This class was refreshing, provided new insights to the market, AH-HA moments to serve my future buyers ! There was never a dull moment! Lee has total control over his subject matter and presents it with stories, humor and laser beam techniques. I would encourage any Realtor to enroll in this course. You will walk away with a set of "new eyes" and support giving you precise direction with buyers that you never knew before . I feel excited and prepared to serve my buyers in an authentic new approach!
